***RE: Greenwood Construction Company Limited
Option 3 Entrance/Exit (Third Line)
Project 177201.0051***

Dear Mr. Greenwood:

Trinity Consultants Ontario Inc. (Trinity) has prepared this letter to comment on the newly proposed Greenwood Construction Company Limited (Greenwood) haul route for the Violet Hill Pit (Pit) that is located on Part Lots 30, 31 and 32, Concession 4 in the Township of Mono, County of Dufferin, Ontario.

Greenwood has proposed to construct an alternate entrance/exit to the Pit; referred to as "Option 3" in the attached site plan in order to strategically manage truck traffic entry/exit along 3rd Line East, as a result of working with the Township. Since travel distance plays a key role in the generation of road dust, total dust from truck traffic is still expected to be significantly lower with Option 3 when compared to Option 1 entrance originally assessed in the air modelling report. Greenwood will be paving the road with asphalt from 3rd Line East to the extraction line, followed by recycled asphalt thereafter. As such, Trinity does not have any concerns with this relocation from an air quality perspective.

Should there be any questions, please do not hesitate to contact me at (416) 391-2527 extension 30 or at cscullion@trinityconsultants.com.

Yours truly,

Trinity Consultants Ontario Inc.

Christopher Scullion
Managing Consultant
